OPIS IZDELKA

Ugreen cable USB Type C - USB Type C 5 A 100 W Power Delivery Quick Charge 3.0 FCP 480 Mbps 2 m

Charging and data transfer in mobile devices requires the use of appropriate cables. Ugreen cables are perfect for models that consume energy of **up to 100W**. Thanks to the technology used, they guarantee fast and safe charging of laptops equipped with a **USB Type C Power Delivery** input.

Specification:

- Material: Nylon, Aluminum, TPE
- Connectors: USB Type C
- USB standard: USB 2.0 High Speed (480 Mbps)
- Maximum working current: 100W (20V/ 5A)
- Cable connector type: USB Type C
- Fast charging: Power Delivery, Quick Charge 3.0, FCP
- Length: 2 m

Fast transfer of large amounts of data

The use of modern technology and the USB 2.0 specification makes the Ugreen cable suitable for transmitting large amounts of data in a very short time.

Instantly charges your phone

The cable is designed to support QC 3.0 fast charging. Fast transfer via the USB Type-C port meets the requirements of the most modern chargers.

High durability with intensive use

It is made of durable materials, including a nylon braid. It is exceptionally resistant to abrasion and mechanical damage, effectively protecting the internal transmission beam. The well-thought-out design makes the cables very durable and long-lasting. The nylon sheath additionally protects the cable against tangling.

Cables for demanding tasks

They are designed for fast charging of laptops with high power of 100 W. The maximum charging time is only 1.5 hours - 1 hour less than in the case of 1st generation cables.
