BEYERDYNAMIC DT 880 PRO
(490970)****226,99€****SKU:** DT880PRO**Kategorije:** [Slušalke](#), [Zunanje naprave](#)**OPIS IZDELKA**

Pol-odprte slušalke združujejo najboljše obeh svetov - transparentnost in linearen odziv odprtih ter moč zaprtih sistemov. Odlična izbira za studijsko referenčno poslušanje, tudi zaradi udobnega oblazinjenja. Frekv. razpon 5Hz-35kHz, upornost 250 Ohm, teža 295g, 3m navitega kabla, 3,5mm mini jack konektor s priloženim 6,3mm adapterjem.

Designed for critical sound monitoring of acoustic and classical music in an open environment. The DT 880 PRO Headphones from Beyerdynamic combines all strengths of open, transparent headphones with those of more powerful, closed headphones. Specially designed housings and an improved system equalization turn this "remake" of the studio classic DT 880 into an ideal studio monitoring headphone, with analytical qualities. The complete sound spectrum is reproduced in detail from a well defined sub bass to the highest highs. The headphone's soft ear pads and adjustable, sliding, earpieces together with a single sided connecting cable ensure listening comfort during extended periods of use. Beyerdynamic DT 880 Pro Studio Headphones Features: Semi-open studio Beyerdynamic headphones Analytical qualities Soft ear pads and adjustable, sliding earpieces for highest comfort Single sided cable Beyerdynamic DT 880 Pro Studio Headphones Specifications: Transducer type: dynamic Operating principle: semi-open Frequency response: 5-35,000 Hz Nominal impedance: 250 Ohms/system Nominal sound pressure level at 1 kHz: 96 dB Sound coupling to the ear: circumaural Headband pressure: approx. 3.5 N Weight without cable: 295g Length and kind of cable: 3 m coiled cable Connection: gold-plated mini stereo jack 3.5 mm & 6.35 mm adapter (1/4") Audio Pro d.o.o. – Profesionalna oprema za studio, svetlobna oprema in oprema za ozvočenja ter glasbeni inštrumenti po najnižjih cenah.
